² Then the LORD replied:

“Write down the revelation
and make it plain on tablets
so that a herald may run with it.

³ For the revelation awaits an appointed time;
it speaks of the end and will not prove false.
Though it linger, wait for it;
it will certainly come and will not delay. Hab 2:2-3

¹⁸ Where there is no revelation, the people cast off
restraint; but blessed is he who keeps the law. Prov 29:18

TERMINATOR SEEDS

Resultant seeds are sterile and cannot give rise to a new crop, thus protecting the intellectual property of the seed manufacturer.

Genetic use restriction technology (**GURT**), also known as **terminator technology** or suicide seeds, is the name given to proposed methods for restricting the use of genetically modified plants by causing 2nd generation seeds to be sterile.
